SEPTEMBER 2017

A NEW GENius on Hand

NEW FROM VARGUS: INTRODUCING THE VARGUS GENius™ APP

September 18, 2017 – At EMO Hannover 2017, VARGUS Ltd. is pleased to announce that the **VARGUS GENius™** software has been redesigned and can now be used on any smartphone.

The VARGUS GENius™, considered to be the most popular and advanced thread turning and thread milling software on the market today, is now available on any smartphone device through the Apple App store (iOS) and Google Play (Android).

The VARGUS GENius™ features:

Thread Turning – Guiding the user to the right tool and best cutting conditions for the application.

Thread Milling – Provides the user with the best tool and optimal machining data, as well as the G-Code, for all popular CNC machines.

The VARGUS GENius™ is free and available in 16 languages.

In addition to the VARGUS GENius™ App, the VARGUS GENius™ ONLINE version has been revamped to feature responsive design, compatible on any device (computers, tablets and smartphones). Like the App, the ONLINE version is always up to date with the latest VARDEX innovations and solutions.

VARGUS GENius™ DESKTOP and SETUP versions are still available, and can be downloaded from www.vargus.com when internet access is limited.

Come learn more about the **VARGUS GENius™** and other VARGUS innovations at EMO Hanover 2017, Booth B66, Hall 3.
